

Family Promise

of North Fulton/DeKalb

Welcome to our newest Board Member,

Geneva Scott.

Geneva is a graduate of our rotational shelter. She came to us when she was without a home, but had a promising job and a strong willingness to work the program. We were not shocked when she graduated in a very short amount of time. We partnered with the Drake House to get her into transitional living and she

is THRIVING!

Geneva came to us employed with Navi Health doing customer service calls and now works for United Healthcare on their Concierge Service team.

We look forward to having Geneva on the Board, so she can share her lived experience to help Family Promise have a greater impact with family homelessness.

THANK YOU to Zion Missionary Baptist for providing Food Truck vouchers for our families to go get free food, back to school supplies and back to school clothes!

TECHNOLOGY GRANTS

We continue to be blessed by our wonderful relationship with Roswell United Methodist Church. Family Promise was just awarded a \$3,000 grant to go towards upgrading our technology in our Career Center where families can research and prepare for employment and begin their search for future housing alongside our case managers.

Thank you to NGEN and their Tech Accelerate program which granted us \$500

toward securing our technology and data.
This funding will be put toward our new case manager database!

Family Promise of North Fulton and DeKalb and William's House collaborated to provide hotel stays for a family while waiting for entry into another program. Building upon this success, the partnership now extends to Family Promise providing financial literacy education and case management to William's House clients.

We look forward to building on this wonderful new partnership.

Continuum of Care Grants-

Family Promise North Fulton/DeKalb was recently awarded a \$4,000 grant from Mount Vernon Presbyterian Church for Continuum of Care.

Also, we were recently awarded a \$10,000 grant from Mary Allen Lindsey Branan Foundation for Continuum of Care.
