

Thanks to your generosity...

You made the holidays unforgettable for the Family Promise families this year!

Twelve families and over twenty-five children, from our program and the community received **over 200 items** collected!

These gifts were ones so desperately needed, along with some treats as well! Parents were able to give their children items ranging from warm winter coats, to new toy baby dolls, to the first new pairs of clothes they'd received in a long time.

You provided kids with an opportunity to give their parents gifts too! Shaving kits, new shoes, and sets of workwear were just a few items parents received. **The kids were overjoyed to be able to present their parents with gifts!** It is wonderful to experience their excitement for this time of year!

Because of your generosity we were able to provide gifts for our current FP families, as well our recent graduates families. When other partner organizations reached out because they had a family in need, we were able to help with that as well. You made the holidays special for so many kids.

Thanks to donations of snacks, paper products, laundry items, we were able to provide kitchen and cleaning need kits to families with their gifts!

"It is such a relief to know Family Promise is here to help. This time of year can be so stressful, but when I got your message about the gift program, I knew you all were right there for us."

Thanks to all of you and your support, our FP children were able to experience a holiday unlike many of them have had in a long time.

***THANK
YOU!***

**Happy
Holidays
from the Family
Promise
families and
team!**

There is still time to get your

2021 donations in!

How your donation helps

\$ 25

provides cleaning and laundry supplies for a family

\$ 50

provides a week of gas to get a family to work & school

Volunteer Spotlights:

Thank you to our incredible volunteers!

- **Eva Schultz:** While dropping off dessert one evening at RUMC, Eva learned of an urgent need for shoes and socks for a FP child. She

immediately purchased items and brought them back that night.

- **Andrea Pritchett**- Andrea and her two children helped as dinner hosts at RUMC. Her children were able to spend the evening bringing such joy to the the FP kids as they all played together. Andrea, after spending time with one of the FP moms has decided to become her mentor.
- **Lollie and Lisa**- Lollie and Lisa from Misty Creek are our newest coordinators! Welcome to them! While supporting at SSUMC, they helped by running errands when a mom needs something later in the evening.
- **Carol Sweigert**- Carol, member of St. Luke's, has been a long time supporter of Family Promise. She has been known to drive to several different places trying to find gas cards that are so very needed.

Thank you to our wonderful volunteers who bring their whole hearts to helping our Family Promise families!

*We want to continue to share the ways you all go above and beyond for Family Promise.
Please contact Shannon if you have a volunteer you'd like to shout out!*
